Our Mission

The purpose of Boys & Girls Clubs of Oakland is to develop our community's youth into positive contributors to society.

To accomplish our purpose, we provide programs and services that are tailored to the special needs of today's youth and supplementary to the endeavors of families, our schools, and other community-based organizations.

Our Objectives

We strive to provide safe places to learn and grow, opportunities for ongoing relationships with caring adult professionals, life-enhancing programs, character development experiences, hope, and opportunity each year for over 2,800 girls and boys, ages 6 to 17. We plan to continue expanding our capacity to serve a minimum of 5,000 youth - 10% of Oakland Unified School District's enrollment.
